

# SOUTH MILWAUKEE CITY ENGINEER

For Immediate Release

April 4, 2024

## **Genevieve Stollenwerk Appointed as South Milwaukee City Engineer**

The City of South Milwaukee is proud to announce the appointment of Genevieve Stollenwerk as City Engineer. Stollenwerk, a graduate of the University of Wisconsin- Milwaukee, has worked as a civil engineer for R.A. Smith, Inc. in their municipal services division since 2017.

Recognized for her contributions to the field, Stollenwerk was [honored by the American Public Works Association Wisconsin Chapter](#) in 2023 with the Outstanding New Member Impact Award. Throughout her career, she has successfully implemented the design and construction of municipal projects across the region, including in Greendale, Manitowoc, Menomonee Falls, New Berlin, Sturtevant, and Wauwatosa.

As City Engineer, Stollenwerk will play a pivotal role in South Milwaukee's management team, overseeing the preparation of construction plans, cost estimation for proposed projects, and the development of contracts and specifications for various public works initiatives. Additionally, she will be responsible for maintaining and updating crucial city maps, reviewing land subdivision plats and certified survey maps, planning street and alley lighting, overseeing public works construction inspections, managing GIS, and supervising road projects.

City Administrator Patrick Brever expressed enthusiasm for Stollenwerk's appointment, stating, "Genevieve Stollenwerk is a welcome addition to our leadership team, and I am pleased to appoint her. Her experience and dedication to excellence will undoubtedly contribute to the continued innovation and progress of our City."

"I am excited to step into this role and join the team at the City of South Milwaukee," said Stollenwerk. "By engaging and collaborating with the community, I'm eager to bring fresh, functional designs to the City."

Stollenwerk will officially assume the position on April 8, 2024.
